

Capitol improvement.

Want to improve the U.S. Capitol's approach to healthcare? Host a pharmacy tour for a Senator or Representative.

There is nothing like a pharmacy tour to show a member of Congress how:

- Pharmacies help patients use medicines safely and stay healthy
- Innovative pharmacy services do even more to improve patient health and quality of life
- Widely trusted and accessible, pharmacists are extremely valued by those in greatest need
- Pharmacy services improve healthcare affordability.

Invest in your future. Contact NACDS' Heidi Ecker at (703) 837-4121 or hecker@nacds.org today!
